7.1.5: Describe efforts towards waste management on campus

1. Solid waste management
2. Liquid waste management
3. E- Waste management

Director

E- waste:

E-waste from labs is properly collected and is given to the licensed recycler, reused wherever possible, donated and sold if possible. Non-working computers, monitors, and printers are discarded and scrapped on a systematic basis. Some parts useful for other systems are kept aside for future use. Students are also imparted awareness and education about E-Waste.

Solid waste composter
