13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

Plan of Action	Achivements/Outcomes		
Planned to conduct National Level Faculty Development Program	Conducted International Level Faculty Development Program		
Planned to conduct one conference	Organised one International Conference on February 2020		
Planned maximum research papers to be published in National/International Journals by Faculty members	Published Published 14 National/International research papers		
Planned to attend maximum Events/Conferences/Workshops/FDPs to be attended by Faculty Members	Attended 59 Events/Conferences/Workshops/FDPs by the faculty members Conducted all curricular, cocurricular extra curricular activities as per scheduled, inspite of the LockDown imposed due to pandemic COVID19		
Academic other supportive Activities planned as per the Academic Calendar			

<u>VIEW FIIE</u>

14. Whether AQAR was placed before statutory body ?

Yes

Name of Statutory Body COLLEGE DEVELOPMENT COMMITTEE	Meeting Date 02-Jan-2020
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	Yes
Date of Visit	07-Mar-2019
16. Whether institutional data submitted to AISHE:	Yes
Year of Submission	2020
Date of Submission	31-Jan-2020
17. Does the Institution have Management Information System ?	Yes

If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	Faculty members regularly use L.M.S such as MyExamo, E.R.P eresources, Tally software (For accounting purpose). The modules that are used by staff members are as follows 1. Attendance 2. Time Table 3. Syllabus 4. Learning Resources 5. Notices The above modules are regularly used by faculty members in their academics. For example, every faculty member uses ERP to display the syllabus, teaching plan, Books and periodicals referred, Case Studies referred, Journals referred, etc. They also use this facility to record attendance of students, update daily teaching report, share question banks with students, display notice related to their academic activities, curricular activities, sports activities, cultural activities, etc The ERP also updates teaching staff with regard to the percentage of syllabus covered, probable date of completion of syllabus, planning of remedial lectures, if any.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The ICEEM College is affiliated to Dr. BabasahebAmbedkarMarathwada University, Aurangabad. The college has to follow syllabus of affiliated university. The institution ensures effective curriculum delivery through a well-planned and documented process Response: ICEEM aim to develop and deploy various plans for effective implementation of the curriculum in which first step is taken in the beginning of academic year; teaching plans are prepared by the teachers of all the faculties. ICEEM provides a positive classroom environment by making the classroom a pleasant, friendly place; all accept individual differences and accordingly plan learning activities. Time tables are prepared for all the classes of the respective programs. Allocations of lectures of all the subjects are planned according to Dr. BAMU Aurangabad rules and regulations. All the teachers follow teaching schedule as per the time table. The teaching faculty update themselves by attending refresher courses, orientation programs and workshops, conferences, FDP, seminars organized by various colleges & UGC HRD centers of Universities which help them for implementation of their subject delivery & curriculum more effectively . All the teachers use various teaching methodology like taking students for field visit for demonstration of particular concept, showing current research work through power point presentations, giving task offending out the problems and solutions of the problems in the practical works, etc. to make learning process more effective. All teacher arrange regularly study tours, practical sessions to enhance students' fundamental concepts and knowledge of the respective subjects. ICEEM arranges extra classes for the slow learner students for better understanding of subjects. The college always support and organize study tour, guest lecture,

group discussion, practical session and industrial visit etc. by providing financial assistance and transportation facilities for students to understand the curriculum more effectively. Departments use modern teaching aids, ICT devices for effective delivery of curriculum. The institute provides all necessary infrastructural facilities to teaching staff such as Language lab, advance Educational Software and material such as CD's, reference books in the library and e-library facility, broadband internet connectivity. Students participate in group discussions, debates and seminars which helps them in their routine teaching of curriculum. Faculty members and students have got the access to NPTEL website. The institute also encourages getting MOU with the industries for better training in core fields and bridging the gap between institution and industry. Academic In-charge, monitors the syllabus coverage in class, support overall conduction of teaching learning process in the class room. HOD is the overall in charge of proper functioning of the academic system. He also monitors the delivery of course; achieve outcomes and design corrective measures whenever and wherever necessary. FDPs areconducted for the faculty members, when a new course is introduced in thecurriculum. College takes the feedback from students, faculty and otherstakeholders regarding curriculum. After collection qualitative andquantitative assessment report of feedbacks are generated to take thenecessary action regarding respective issues. College always supports and motivates research oriented projects from student and faculties which willcontribute to the social & national development.

.4 – Feedback System							
1.4.1 – Whether structured feedback re	eceived from all the sta	keholders.					
Students			Yes				
Teachers			Yes				
Employers			Yes				
Alumni			Yes				
Parents			Yes				
1.4.2 – How the feedback obtained is b maximum 500 words)	eing analyzed and util	ized for overall of	development of the institution?				
Feedback Obtained							
Feedback Obtained Feedback is essential in teaching and learning process. It helps the teacher to understandhow the subject can be taught for better understanding of students. This isan important process where teacher can improve his/her teaching skill orprocess that will ultimately benefit the student. The feedback from differentstake holders, help the institute to understand the need of society what otherstakeholders expect from the institute. With this objective, college hasdeveloped following feedback systems and all feedbacks are evaluated onanalogue scale from 5 to 1i.e. from excellent, very good, good, fair andpoor.							

These feedbacks are collected from stakeholders by IQAC and analyzed.After analysis, comprehensive reports are generated and are informed to concern teaching staff/Department head/examination in charge for theirimprovement. 1. Academic Feedback: The main objective of this is to getfeedback of teaching learning process from students. It is taken twice in ayear. 2. Students satisfaction Feedback: college collects it once in a year toget the information of student's satisfaction related facilities provided. 3.Exit Feedback: This feedback is taken once in a year from final yearstudents for overall satisfaction during graduation 4. Hostellers: It istaken once in a year from a student who stays in hostel regarding hostelfacilities. 5. Faculty Feedback: This is given by existing faculty aboutdepartment once in a year. 6. Library Feedback: This feedback is taken withacademic feedback about library facilities from students. 7. Parent Feedback: During every parents meet, parents' satisfaction feedback is taken. 8. Examination Feedback: After smooth conduction of exams, this feedback istaken from examiners. 9. Alumina Feedback: During alumina meet alumni gives satisfaction feedback/suggestions. 10. Guest Feedback: During Academicvarious activities is organized, for every activity feedback is taken from students/staff/Delegates regarding resource person's interaction/use fullness of activity. 11. Feedback from Resource person: After activity feedback istaken from Resource person for the facilities /suggestions provided them. The comprehensive feedback formats are generated by IQAC, considering all theaspects of teaching and learning including infrastructure, library, andfacilities provided by college. The report of feedback is discussed in HODmeeting, IQAC meeting and college development committee for appropriateaction.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Response: The college is affiliated to Dr. BAMU, Aurangabad and it follows the evaluation process dinned by the university. The examination/evaluation reforms are at two levels as enumerated below: A) University Examination/Evaluation: The university has initiated various reforms in the last few years as mentioned below: 1. The university has implemented 80:20 pattern for the B.E. program from 2013 - 14 onwards. 2. There are 20 Marks for which is taken at the college level. 3. The affiliating university has introduced new bar-coding system for the answer papers for improving the confidentiality and the quality of examination. This has markedly reduced the result declaration time. 4. The affiliating university provides the photocopies of answer papers on demand to the students for redressing their grievances in the examination to maintain transparency. 5. The affiliating university has further introduced CGPA system of grading for BE program from the academic year - 2016-17. B) College (Internal) Exams/Evaluation: All Internal examination reforms are implemented at college level according to the guidelines of affiliating University. Few examples which have positively impacted the examination system are: 1. Continuous Assessment and evaluation system of journals, theory and practical enables monitoring student's performance. 2. Frequent orals, daily practical and written evaluation are incorporated into the Practical record books and files which allows for continuous evaluation. 3. Internal theory subject class test question papers have been framed as per the University question paper pattern this enables the students to get acquainted at formative stage which has resulted in better outcomes. 4. Training and practice of Aptitude test, intelligent test of students is helping them for getting success in competitive examinations like GATE, JRE etc. 5. Teacher guardian method is implemented for solving different problems of students. 6. Frequent class tests are conducted assignments and question banks are given and evaluated to have a check on periodic student performance.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Response: The college prepares the academic calendar to the conduct Internal Examination. The academic calendar is prepared by IQAC. This calendar is prepared with the help of calendar of affiliating university. The academic calendar displays tentative dates of all academic activities including internal examination like commencement of academic term, internal examinations schedules, university examinations extracurricular activities like departmental technical events, teacher's day, engineer's day and annual social gathering, sports activities, winter and summer vacations, start completion of academic

term etc. The execution of all activities listed in the academic calendar is done according to academic calendar and its execution is monitored by the IQAC. The Current year academic and university calendar is attached as additional information. Internal Evaluation: Internal evaluation is made through internal project monitoring/reviews, Mock tests, Class Tests, Improvement Tests, Internal Viva's and Internal Competitions. The following parameters are considered in internal evaluation: 1. Participating and organizing various events like seminars, paper presentation contests and Technical project competitions for e.g. "NIRMAAN" project competition. 2. Active participation in various inter-college events and national level contests. e.g. 1. "My Dream Aurangabad" competition organized by Municipal Corporation Aurangabad, GIZ event, Aavishkar, etc. 1. On-line and practical/oral examinations 2. Internal Class tests performance 3. Assignments and Practical Journals with continuous assessments. 4. Participation of students in Industrial on sight visits for e.g. Visit to INFOSYS, Manufacturing Industries, Akashwani, BSNL, RUSA, DDUK, Bhandardara Dam, Field visits to Construction sights, etc . 1. Involvement of students in Mini projects/Major Projects for e.g. 2. Mobile application development of "Ajanta Ellora International Festival". 3. Generation of Electricity through exhaust fan. 4. Smart Class room Smart Bike 5. Sugarcane cutting machine 2. Involvement of students in Social activities through NSS such as: 1. Cleaning nearby local areas under "Clean India Programme" 2. Women empowerment program under "Beti Bachao, Beti Padhao" 3. Traffic rules awareness Helmet rally 4. Participation of Student in various training and Placement programme. 5. Through the Implementation of Teacher Guardian Scheme for getting reviews from students. 6. Timely display of information of class test marks and other activities on notice board. 7. Weekly Director and HOD meeting for Academic review through the monthly submission of Defaulter and syllabus status. The following assessments are made: 1. Performance in the University examinations 2. Performance in the internal examinations 3. Involvement in cocurricular extra-curricular activities 4. Live real time projects done by students 5. Performance in various competitive exams 6. Placement records Positive Impact of Various activities: 1. Effective teaching learning process has resulted in maintaining a high passing percentage consistently from last three academic years. 2. Students are getting placed in reputed organizations increasing the placement records of institution. 3. Expert talks and internship programs have improved the knowledge and confidence of students. 4.

Participation in various social and cultural activities have improved social awareness and helped the students for developing their personality.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

Power Supply 67 KVA, one RO plant for constant Water Supply 2000 LPH and three UPS for Computers Back-Up 20 KVA, 200 KVA and 7 KVA with a Lift for 6 Persons. For Computer Laboratories (Utilization and Maintenance) Students and faculty members are provided separate login credentials to access the internet. Access to internet is provided in the lab even after college working hours. Preventive maintenance and breakdown maintenance procedure is followed so as to ensure maximum availability of the systems in the lab. Installation of antivirus and firewall ensure that the software and system is secured. Weekly status check on the hardware and software condition of the machines is undertaken and the same

is noted in a register. This ensures that the problem is identified and rectified at an early stage itself. Breakdown maintenance wherein the system fails due to SMPS problem or boot failure is recorded in a register. If the problem is minor, the technical support staff of the lab will rectify it. For major failures, support from vendor is taken. Periodic maintenance is done by regular cleaning of the lab spaces, software updates and antivirus updates. Maintenance of Electrical and Electronic Equipment's:- Regular checkup of equipment is carried out at the end of every semester. Breakdown register is maintained in the laboratories. As per the requirement minor repairs are carried out by the lab assistant of faculty member. Maintenance of computers is taken care by IT and COMPUTER department. Major repairs are outsourced by following the procedure of the institute. The faulty trainer kits are serviced by service engineers of specified companies. The measuring instruments are calibrated regularly by standards companies. Stock verification is done at the end of every year by the staff members from other department and the report is submitted to the Director.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The Alumni Association of ICEEM i.e. "AAI" is registered with the Registrar of Societies. Training Placement cell in coordination with the departments organizes alumni meet every year for interacting with the alumnus. Alumni meet involves dinner for the alumnus different singing and dancing events where in alumni participate and share their testimonials. Also, regular meeting of chapter are called to review the activities of the current year and plan the activities for the forthcoming year. AAI Facebook page, departmental what's app groups, mail ids, etc. are available to connect with the alumni and conduct face to face alumni interaction programs. AAI contributes to ICEEM in various ways like, 1.Alumni interact with the respective HODs and give them information regarding current trends and practices in the industries in which they work, so that suitable improvements in the infrastructure facilities can be made in the institution. 2. Alumni interact with the students so as to make them aware of the current industry scenario and guide them in preparing for campus interviews. 3. Graduates/post graduates who have passed out of the institution and are placed in companies, guide and help their immediate juniors to undergo the recruitment process with confidence. 4. Alumni visits institute to interact with the students to discuss different technical issues, providing guidance regarding higher studies, competitive exams, entrepreneurship and placements. 5. Alumni help in arranging seminars in key areas. 6. Alumni helps the department to identify the industries for students to undergo in plant training. 7. Alumni arrange for visit to the industry where they are employed. 8. They promote the institute in their vicinity of industry and living area resulting in increase in the rapport of institute with industries and increase in admission. 9. MBA (HR) Alumni helps in the recruitment process of students, either MBA or Engineering by giving opportunity to appear for interviews in companies where they are employed. 10. The alumni who are into entrepreneurship or business, recruits the students of final year for their company. AAI also arranges different competitions for the junior students such as 1. CAD competition. 2. Essay competition. 3. Other technical completions. Where in some competitions faculty members can also participate. This helps in up scaling the skill of students and bringing out their hidden talents. The winners of these competitions are felicitated at annual gathering or at the end of competitions. Alumni is also invited for the annual gathering so as to enjoy function and recall the moments of their student life. They give Feedback on program outcomes to enhance teaching/learning process of the parent department so as to improve quality of institute. The alumni association is not too old and doesn't have huge numbers but they are growing day by day and helping the institute to make students ready for the outside world.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

ICEEM focuses keenly on decentralization by intending equal opportunity to participate in the functioning of the Institution. The management comprises of management committee, college governing council and each committee has been provided with specific functions cater to the needs of institution for the ongoing progress and development of the Institution. 1. Director Level Director is the member secretary of the governing body and chairperson of the IQAC. The Director in consultation with the Teachers of different committees for planning and implementation of different academic, student administration and related policies. Following committees are constituted in accordance to government guidelines: ? Internal Quality Assurance Cell (IQAC) ? Library Management Committee ? NSS Activities Students Welfare Committee ? Admission committee ? WomensGrevience cell ? Anti-Ragging Committee ? Accredition and Affilitiation Committee ? Website Development committee ? Alumni Association ? Students Grievance Redressal Committee ? SC/SC cell ? College Students Monitoring Committee ? Sports Committee ? Student Council 2. Faculty Level Faculty members are given representation in various committees/cells and allowed to conduct various programs to showcase their abilities. They are encouraged to develop leadership skills by being in charge of various academic, co-curricular, and extracurricular activities. Following are the different sub-committees which were nominated by Director in academic year 2019-20 ? Training and Placement and Cell ? Discipline committee ? College Infrastructure Cleanliness, Girls Common Room ,Water Supply maintenance cell ? SC/ST Equal Opportunity Committee ? Teacher- Guardians under Teacher Guardian Cell ? Examination (University College Level)Committee. 3. Students Level: - For the development of students, various cells and clubs are established at college level. Students are empowered to play important role in different activities. General Secretary ? Cultural Secretary ? Sports secretary ? Ladies Representative ? Presidents and Council members of departmental students Associations ? Canteen maintenance secretary ? Departmental association ? Discipline Committee member PARTICIPATIVE MANAGEMENT The institute promotes a culture of participative management by involving the staff and students in various activities. All decisions of the institution are governed by management of facts, information and objectives. Both students and faculties allowed to express themselves of any suggestions to improve the excellence in any aspect of the Institute. STRATEGIC LEVEL The Director, academic co-coordinator and staff members are involved in defining the policies and procedures, framing guidelines and rules regulations pertaining to admission, placement, discipline, grievance, counseling, training development, and library services etc., and effectively implementing the same to ensure smooth and systematic functioning of the institute. Outcome: Thus, the institute encourages teachers, students, parents, corporate resource persons, employers, alumni, staff, class coordinators and class representatives to share their ideas, opinions, suggestions through proper channels i.e. through parent-teacher meet, alumni meet, class teachers' meetings, student feedback system, and through other various committee meetings. The inputs received from various stakeholders of the institute are reviewed and those which are in line with our institute's Vision and Mission Statements are considered for decision making.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words ea							
Strategy Type	Details						
Admission of Students	1. The admissions of the students are followed as per rules and regulation based on the AICTE/DTE norms. 2. Admission Committee works under the guidance of IQAC and forms for the Frame work of admission process. It frames committee for the admission in the month of May every year committee involves the Director, H.O.D, Faculty members. 3. This Committee decides about admission process, fees structure (concessions) based on Merits of student for admission, orientation programmeetc. 4. Committees from each department are framed to councils the students regarding their programs or course. 5. Counselling isalso done regarding different programs.						
Industry Interaction / Collaboration	The college has establishedMoUs with reputed core industries to enhance Industry-Institute Interaction activities like industrial visits, in- hand trainings, value added courses, guest lecturer etc., for the professional development of students and faculties						
Human Resource Management	 The Institute appoints adequate number of qualified faculty through the procedure of open advertisement and interview by internal expert committee. Under the guidance of IQAC, the Institute organizes various FDP programs for both teaching and non- teaching staff members for upgrading their skills in the latest technology. Medical leave provision is given to the faculty and staff members based on the request. 4. On duty is provided for pursuing higher studies, attending FDP courses, seminars, conferences, workshops, exam duties. 5. The faculty and staff members are entitled to avail summer and winter vacations, casual leave and compensation leave. 						
Library, ICT and Physical Infrastructure / Instrumentation	 Library is well equipped with reference books, textbooks, journals, periodicals and newspapers etc. 2. The Library housekeeping operations are automated through Library Software. 3. The Library has subscription to N-LIST by UGC - INFLIBNET, through which teachers Research Students can access download many E-resources in respective subject. 						

	4. All computers are connected with access to internet and a total 5 classrooms are with LCD facilities wifi/LAN facilities 5. There are 2 Smart Classrooms equipped with state of art software and digital boards.
Research and Development	1. The Innovation and Incubation Cell is established with an objective of promoting research by students and the faculty members. 2. The Shri Bhujangra Kulkarni Incubation Cell is established with an objective of promoting research by students and the faculty members. 3 Faculty members and students are motivated to publish their research papers in reputed national and international journals/conferences.
Examination and Evaluation	1. Examination committee conducts meeting twice in the year prior to University Examination in order to ensure smooth conduction of examination. 2. Committee also takes i to account to reduce malpractices and framed certain rules keeping in the view of regulation laid down by Dr. BBAMU. So far as committee has worked quite nicely to bring down malpractice and conduct examination very systematically. 3. Internal marks are allotted based on the assessment test marks and the student's attendance Percentage. Theory and practical examinations consists of two component Namely, External evaluation for 80 marks and internal evaluation for 20 marks.
Teaching and Learning	1. The prime responsibility of IQAC is to plan and supervise various activities which are necessary to increase quality of education in college. 2. Faculty Development progra (FDP), Student Centric Method as well as Innovative Teaching methodologies are used to develops overall strength of student as well as staff. 3. Under the guidance of IQAC, each department is promoting the quality enhancement activities in academics through arranging Workshop, Conference and Seminar on different subject. 4. The internal and continuous assessment is done as per guidelines issues by the Dr. BAMU. 5. Academic and Research committee develops, designs academic
	calendar every year.

proper execution and check for
curriculum. 2. College has five
programs which is affiliated to Dr.
BAMU and follow their curriculum. 3.
The committee also ensures well planned
educational development under IQAC
promotion for Co-curricular and various
academic initiatives. 4. The IQAC
ensures smooth functioning of
curriculum. The management has active
and lead role for implementation of
feedback as well as proper action is
taken after feedback analysis. The
online as well as manual feedbacks are
taken from students and parents.

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Finance and Accounts	With the aim to produce immediate information in finance and Accounts i.e."Single Click Accounting", this section of college is partially e- governed. The college uses the Tally ERP for the transparent functioning of Accounts department. The same software is used to generate various reports like Consolidated Day Book General Day Book Daily Cash Collection report.
Student Admission and Support	Student admission for the year 2018-2019 is carried out according to the norms of DTE and the process of admission was followed strictly. During the admission process admission forms are also provided to the students and one of the faculty helps him personally throughout the process. Students submit printouts and required documents at respected counters.
Examination	An examination cell is formed every academic year to carry out the University examination work. This cell works for the smooth functioning of exams. It takes care that each and every instruction and information is circulated among the students and students. To achieve Paperless communication between Exam and other departments, Examination section uses Gmail and Google Docs.
Planning and Development	? To use ICT in the process of planning college-events and activities, institute uses personal e- mails.Important notices and reports are also circulated manually and via e- mails. ? E-governance is the integration of Information and

	Communication Technology in all the working processes of the system. It aims to minimize the manual efforts and improve the communication, create transparent system, and to be cost and time effective. To facilitate the same college is usedERP software with Student, Examination, Finance Account, Employee, Library Modules.
Administration	<pre>? To achieve the target of Paperless IQAC committee members of it started using Google facilities like: • Google sheet: For data collection from Various Departments. • Google Docs: To prepare notices and activity reports. • Google Forms: To prepare Feedback forms and get online feedbacks of Students, Parents. • Google Drives: To keep all department wise proofs. ? The college has Biometric attendance for teaching and non-teaching staff. ? The college campus is equipped withCCTV Cameras installed at various places of need. ? To surveillance on mobile by Director, application is available and software is available for surveillance on computer for college Authorities. ? WhatsApp Group helps to provide the brief notices of any event to be happened on college. ? WhatsApp Groups are also used for awareness and of smooth functioning of the same.</pre>

Recruitment : The Academic of the course alum is made ete through strategy that es students to porate world ent. Under the CEEM at various t units through

the T and P cell, various events are conducted to develop the all-round personality of students by making them personally and professionally updated for the corporate requirements. T and P cell broadly conducts the placement activities wherein it covers Pre-Placement Talks, live project work, industrial internship, invite corporate speaker. In fact, the Institute continues to maintain a consistent placement record since its inception. 11. Soft Skills Programme: This Program includes training in Spoken English, ways and means to appear for an interview and total personality development basically good and effective communication skills. Putting ones best foot forward. Last year itwas organizaed in collaboration of MM for only final year students and it will be organized on large scale for all engineering and management students in the coming academic year. The response to the program was overwhelming amongst the rural based students. 12. Career Guidance Scheme: The growing interest and potential opportunities of Graduates/ Post graduate students, wishing to pursue their higher education and research across Globe. To fulfill the dream career of higher education of their choice, ICEEM always organizes lecture talks from eminent personalities from different fields to guide our students and explore

the different
opportunities across the
globe. ICEEM has a vision
to offer foreign language
courses, offering French,
Spanish, German and
Japanese languages.

6.4 – Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly (with in 100 words each)

The institute has a mechanism for internal and external audit. We have our own internal audit mechanism where internal audit is an ongoing continuous process in addition to the external auditors to verify and certify the entire Income and Expenditure and the Capital Expenditure of the Institute each year. Qualified Internal Auditors from external resources have been permanently appointed and a team of staff under them do a thorough check and verification of all vouchers of the transactions that are carried out in each financial year. Likewise, an external audit is also carried out on an elaborate way on quarterly basis. The institutional accounts are audited regularly by both Internal and statutory audits. So far there have been no major findings / objections. Minor errors of omissions and commissions when pointed out by the audit team are immediately corrected / rectified and precautionary steps are taken to avoid recurrence of such errors in future. The institute regularly follows Internal external financial audit system.

6.4.2 - Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

6.5 – Internal Quality Assurance System

6.5.1 - Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Inte	rnal
	Yes/No Agency		Yes/No	Authority
Academic	Yes	University Affiliation Committee	Yes	IQAC
Administrative	Yes	University Affiliation Committee	Yes	IQAC

6.5.2 – Activities and support from the Parent – Teacher Association (at least three)

Parent-Teacher Association (PTA) is a formal organization that consists of parents, teachers and staff that is intended to facilitate parental participation in a College. The goal of all Parent-Teacher Groups is to support their college, encourage parent involvement, support teachers, and organize events. Objectives: ? To foster and promote cordial relationship among the parents, teachers and students of the college/department. ? To help guide and participate in various developmental activities of the college. ? To render all possible assistance for smooth working of the college and for maintaining good discipline in the campus. ? To institute scholarships/awards for deserving students of the college. ? To provide and ensure essential facilities to the students of the college. Activities of PTA 1. First Year Meetings (2019-20): PTA arranged a function to welcome the first yearstudents and their parents on the day of commencement of the first year classes. A wellarranged meeting was conducted on 08th September 2019. 2. Industrial Project: In continuation to the last year project, with an intention toimprove the quality of teaching learning process and for providing industrial exposure to students, PTA decided to help students from different streams to undergo industrial projects in their industries. 3. Teacher Guardian Scheme Implementation: In order to ensure better participation ofparents, students, and teachers, PTA suggested the idea of implementing Teacher-Guardian scheme effectively for the benefit of

students.

6.5.3 – Development programmes for support staff (at least three)

ICEEM offers a wide range of learning opportunities to help support staff meet their professional development goals and boost their career. They provide instructor-led classes, certificate programs, leadership development and custom departmental programs, in addition to administering the Educational Assistance and Course Fee Courtesy programs. 1. Expert Talk by Known and Eminent Personalities: Expert talks are organized regularly by college management for all support staff on regular time interval to explore human values. 2. Yoga Session: Yoga sessions are organized regularly for support staff for maintaining their physical fitness. 3. Refreshing Program for all teaching and Non-teaching Staff In a Resort:A refreshing day was organized by college management in Hiranya Resort for all teaching and Non teaching staff along with family members for stress relieving and for a change from day to day activities.

6.5.4 - Post Accreditation initiative(s) (mention at least three)

The following measures have been taken in the light of the suggestions made by the peer team in the previous reaccreditation cycle: 1. Teachers may be encouraged to acquire higher qualification through research: Lectures and workshops have been organized on various aspects of research, to update and motivate staff for undertaking research. This coupled with facilities offered has encouraged 2 teachers to complete persuePh.D and also a considerable increase in the number of research projects undertaken and publications by faculty members is seen. 2. Indoor sports facilities: We have extended indoor sports facilities and a good sports room with needed facilities. Students' open area is used for kabaddi and kho-kho. We also use college ground for practicing volleyball. Sports uniforms and shoes are provided to participating students as required. Our sports Incharge gives coaching in kho-kho, kabaddi and athletics to students who are interested in participating in different competitions at the college, inter-collegiate and inter university level. 3. Collaborative linkages with industry and institutes of research may be undertaken: Linkages have been established with an intention to place our students for internship, where they get on the job training and / or conduct short term research projects. The institution has also entered into collaboration with many industries for career guidance and placement. Experts from industry and institutes are invited for delivering guest lectures for our students on relevant topics. 4. Increased use of ICT-assisted teaching-learning methods: To facilitate better teaching-learning process many of the classrooms are equipped with smart boards and LCD projectors. The campus is Wi-Fi enabled so that teachers can use online resources for teaching. Many of our faculty members show/exhibit films and other related materials in the class through this facility. Our teaching methods have become more varied and interesting, with the use of these. 5. Initiatives for promoting research among faculty members:

The management has provided an impetus to research activities of faculty members by extending financial assistance for research projects, paper presentations at international conferences and book publications. Our research journal is now refereed with an ISSN. Our post-accreditation quality initiatives are therefore a reflection of our positive outlook towards objective evaluation stimulating us to make significant progress in the direction of women's education, welfare and thereby empowerment. As is evident, our activities are not just limited to the college but also extend towards the development of the neighborhood areas and the community at large. It is our constant endeavor to become an institution which will provide a common platform where contemporary technology meets quality education. This is congruent with our vision of enabling our primary stakeholders. i.e. our students to achieve self actualization.

of the centre and neighboring industries. It will provide students of ICEEM an easier access and exposure to most modern industrial processes and practices. It shall also have good scope for campus interviews and placements. Indian Institute of Rural Workers (IIRW) and the Institute of Technology, Management and Research (ITMR) are two registered charitable societies and 5 public trusts. They have jointly established ICEEM as a joint venture with a commitment for nurturing internationally acceptable excellent quality technical education and research in Engineering and Management. Several industrial bosses, successful Entrepreneurs, Educationists, Engineers, Social Workers two of them of world fame and Administrators are among the founders and members of these two societies. All of them are keen to support ICEEM in every possible way. Any society, anywhere, can be proud of such capable and supportive membership. The two societies have signed a Memorandum of Understanding (MOU) describing their respective roles and shares in the development and management of ICEEM. That MOU shall be the basis of this Charter and all the Rules, Regulations, Byelaws or Procedures made, from time to time, to manage the various activities undertaken by ICEEM and shall be binding in its

			all off offic	er and spirit upon the authorities, fice bearers and ers of the centre. specifically, the

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1) Green landscaping with trees and plants: Campus is one of the greenest and cleanest campus in the region. Harboring abundant greenery which inhabits a variety of flora and fauna. Other significant measure includes the installation of solar panels as a source of renewable energy. Also, institute encourages students and staff to participate in tree plantation activities. The natural landscape pre-dominates the campus with a rich biodiversity of flora and fauna which is taken care of by a dedicated team of workers. A continuous monitoring of the biodiversity is carried out by students, teaching and non-teaching staff. This helps in maintaining the land quality The college organizes periodical NSS camp to inculcate the values of plantation among the students and the faculties 2) Plastic free campus: The college sensitizes the staff and students to tackle the menace of plastics which are a major contributor to pollution. Since we believe in eco-friendly practices, everyone is discouraged from using plastic bags. Posters encouraging ideas of plastic free environment are displayed at prominent places inside the campus. Plastic bags are not allowed inside the campus and waste materials are thrown only in dustbins. Dustbins are allocated in different locations inside the campus. 3) Energy Conservation and Use of Renewable Energy College construction allows for natural ventilation and lighting throughout its campus which helps conserve the energy demand. Long slender and clerestory windows in library, nearly eliminates the need for artificial lighting. Energy efficient lighting fixtures like LEDs are used in all classrooms and departments. Hi speed internet Wi-fi facility facility are available in the college. 4) Water Conservation and Management Large green area of the college campus allows for percolation of water into the soil thereby facilitating recharging of underground water

reserves. College only uses non-potable water for maintaining its gardens. Rain water harvesting is also being practiced in the building. 5) Hazardous waste: Waste is an obvious culprit and pollutant, contributing to landfills and toxins which harm the earth's soil and atmosphere. Keeping this in mind, the waste material in college is segregated into as toxic and non-toxic wastes in the laboratories. Indiscriminate use of chemicals is discouraged during practical classes. .6) E waste management E-waste from labs is properly collected and is given to the licensed recycler, reused wherever possible, donated and sold if possible. Non-working computers, monitors, and printers are discarded and scrapped on a systematic basis. Some parts useful for other systems are kept aside for future use. Students are also imparted awareness and education about E-Waste Seminars and class teachings are given for the proper waste disposal. Use of plastic bags are discouraged in the campus Non-working computers, monitors and printers are discarded and scrapped on a systematic basis.

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

7.2 best practices: Best Practice 1: Financial Aid to the deserving students by the college Objective: • It has been obtained from the profile students joining various courses of the college that there are many students coming from the rural areas with low economic back ground. • Their parents are unable to provide them a sustained financial support because agriculture, being a gamble with rain in the district, is not a source of assured income. So, the noble objectives of the practice are • To extend financial aid to the poor students, especially from the rural, to save them from discontinuation of their studies owing to poverty • To support financially institute gives scholarship to all the deserving poor students without any discrimination of caste, creed or gender. To promote the 'equality' among the students • • To inculcate the values of 'generosity' and a 'sense of social responsibility' among the students. The expected outcome is that the students should be able to complete their degrees with good marks. • The beneficiaries should treat the needy with the principle of 'lend a helping hand without discrimination.' Context: The noble objective had its teething as well as challenging troubles in its designing and implementation. Pooling up of the required resources was a tough task.Many students need financial support for admission fees.Most of them are deserving candidates who need help due to their financial backwardness. Practice : The college is situated in rural area where there were frequent droughts and famines. But the poor parents ambitious to send their children for higher education. Hence this practice is intended to help them with the meagre resources available. Evidence of Success: Our College has taken a firm resolve to extend financial support to the deserving students and help them to continue their education. The financial support is extended to the deserving poor students without any discrimination of caste and creed. The Director and admission committee of our college has been decided to provide admission fee for some deserving students by the available sources. Problems encountered: No problem encountered Best Practice 2: Title of the Practice: COVID Center and Activity Objectives: • To screen the peoples have some common COVID 19 infections • To diagnose and provide appropriate and adequate treatment for these health conditions • To provide referral services for complex health problems • To impart Health education for raising awareness and adoption of healthy lifestyle Context: ICEEM is one of the educational institute of Aurangabad situated at ruler area where facility regarding COVID 19 is less which directly impart life to overcome this problem. ICEEM has undertaken the task for thesepeoples. Recently, there is incorporation of health check-up of the teaching staff of institutes too. Practice: With mission of the ICEEM college continues its best practice of lending its hands in community development, since November 2019, the pandemic situation Of COVID 19 created

uncertainty of human life and their survival on earth. Today whole world is fighting with the pandemic situation due to COVID 19 so that ICEEM boys hostel is made available as Quarantine center. ICEEM institute provided best facilities to quarantine center Feedback is collected from the representatives regarding the health in terms of regularity, punctuality, sincerity, quality. The collegel authorities provide ample support for this activity in terms of venue arrangement, , co-ordination of the activity Evidence of Success: Migrate people felt as they are living at their own home. Center made availability of tea, breakfast, lunch, dinner, tooth, brush, tooth paste, bath soap, cloth the college hadinstalled one large size TV set for the entertainment of these people. the proper care of health and medicine was given. Thesuccess of evidence it that all these migrate people had tears in eyes when they left for their native. They gave oral feedback as they felt they are living at their own home. Problems encountered: The magnitude of the task is very vast owing to the enormous number of peoples get infected. Hence, it is challenging to complete the task within limited time span and manpower. Monitoring the health is of very importance task. Apart from diagnosis of common /rare health problems, it is also essential to for adopting healthy lifestyle practices like personal hygiene, healthy diet, physical activity, hygiene, not falling prey to addictions, etc Title of the Practice 3: Industry Collaboration as a curricular aspect Objective : • ICEEM has an educational philosophy that establishes a bridging gap between theory and practice like industry and academics. • curriculum activity continuously being innovated upon and refreshed to reflect the latest developments in technology and trends within industry. • Pure academics are supplemented by industry collaboration Context: ICEEM is an reputed institute with a mission to advance knowledge and educate students in science, technology, and other areas. It is one of the fastest growing institute that has created an institutionalized framework for achieving a vibrant environment that successfully inculcates an ambience for experiential and cooperative learning and education. The Practice has introduced industry internship as integral part of its curriculum. maximum student has to do an industry internship before he graduates. The academic curriculum takes the classroom for a specified period to a professional location where the students and the faculty along with the industry experts get involved in real life problems. This ensures that an adequate number of suitable projects are available from the various organizations to comfortably accommodate all the students. Based on this information, the students submit their preferences for the various projects and organizations. Practice: Faculty Development Programmes :Workshops As the electives are designed by Industry Experts, the academic faculty should be trained in those emerging areas to effectively train the students., industries used to conduct workshops in Academic Campuses and their Development Premises with their own experts. During these workshops, faculty will be given exhaustive training on practical components. Industries also certify the faculty who successfully complete the workshops. These workshops are also called as Faculty Development Programmers. Workshops for Students : Industries regularly conduct workshops for students in emerging areas of technology and engineering. By this, industries directly address the students and train them in the best practices followed in industries. These workshops fill the gap between the faculty offering and industry requirement, College also organize Industrial Visits, Seminars, guest lectures Evidence of Success : model of education has a structured method for integrating education with practical work experience and accommodates an enriched environment Continuing successfully from last few years.Covers all disciplines maximum students participate. Average stipend paid by some industries to students Problems Encountered : Participation and sustained commitment and dedication of faculty members Active Student Participation Quality teaching cannot be defined in any one way. It must necessarily be understood differently so require Teaching Learning Centre for faculty

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

ICEEM Institute has a vision of attaining a position in top 100 colleges in the country by 2025. Working towards this vision, the institute focuses on the development of the students and faculties on various fronts. The location of ICEEM in the industrial hub of Waluj M.I.D.C is a distinct and unique feature, which separates us from other colleges of the region. The industrial area of Waluj MIDC is aptly regarded as automobile hub as it is home to more than top 100 automobile companies and its ancillaries. These include Bajaj Auto, Endurance Systems, Varroc Engineering, Marathwada Auto Cluster, etc. Because of its proximity to various leading industries, we have signed up Memorandum of Understanding (MoU) with several companies. We do have prominent members from industries in our College Governing Body. Frequent meetings, seminars, workshops, etc are arranged with these industrialists so as to update and groom students as well as faculty members of ICEEM. Not only this, many industries provide internships to our students. They also provide access to their research and development facilities for students so that they remain at par with the industry standards. Frequent industrial visits are being undertaken for the students of ICEEM so as to upgrade their knowledge and keep them abreast with changing industry standards. Moreover, few industries also share their production facilities with students for completing their final year projects. Under this Skill enhancement, the students are not just restricted to attaining good marks but also, successfully using their knowledge and skills for the betterment of the society. Students from different departments have or are in a process to register patents for their respective projects. No doubt, the contribution from these industries has helped our ICEEM students to achieve new heights in their career. Job fairs are also being regularly conducted for the students of final year polytechnic colleges, in our ICEEM campus. Most of the reputed companies have their stalls in these fairs. ICEEM provides a well establish platform to bridge the gap between industry and academia. Finally, our ICEEM students get chance to prove their worth while appearing for interviews (Both On-campus and Off-campus). This uniqueness for ICEEM has proved advantageous in terms of increased interaction with the industries.
